

FAST TRAXX SOCIAL DISTANCING GUIDELINES

Health Considerations

- * Social distancing is key . That means standing at least 6 feet apart from one another.
- * Family members who have quarantined together are not expected to social distance from one another.
- * Wear a face cover when you are unable to social distance or stand 6 feet apart. Bring your own mask. Just use common sense.
- * Wash your hands often and use hand sanitizer. We will have handwashing stations and hand sanitizer available.
- * Please do not offer to shake hands with anyone.
- * The CDC recommends persons who are sick with fever or cough, the elderly or those at high risk, to stay home. We do too. Please do not attend our event if this is you.
- * Please take your own temperature before you leave home. If you have a temperature of at least 100.4, you have a fever and should stay home.
- * If you know you have had contact with someone diagnosed with having COVID-19 in the last 14 days, or you yourself have had COVID-19 in the last 30 days, please stay home.
- * Respect the local community - wear facemasks or shields, gloves and wash your hands when supporting local businesses.
- * Our onsite HEIC (Health Executive In-Charge) is Shawna Bickley 740 707 7336. Call her if you have any concerns over the weekend.

Admission and registration processes will follow strict social distancing and personal hygiene guidelines, as recommended by the Centers for Disease Control and Prevention (CDC).

Your health and safety are our priority. These are our new protocols and things you need to consider before your visit.
