AJ Nutter was a well known radical D-11 rider.

His life was surrounded by MX and many other extreme activities. He loved the sport of Motocross and enjoyed all the people involved in the sport.

All proceeds go to the Nutter Family to help offset costs.

He also loved to go big and explored into Freestyle MX where he perfected the back flip and many other tricks.

AJ's family put their hearts and dedication into the sport just like every other racing family out there and would like to invite every rider and their families out to enjoy one last ride in remembrance of AJ.
